

# ZAVITA®

## THE ELIXIR OF LIFE

### Are you:

- Wanting to achieve whole body wellness?
- Wanting to build a stronger immune system?
- Experiencing muscle aches and pain, stiff joints and inflammation?
- Feeling lethargic and unable to focus?
- Having difficulty getting deep, restful sleep?

### The Problem:

From the water we drink to the food we eat, the air we breathe and the medicines we take, we are constantly being exposed to pollution and toxic substances from our environment. The use of poisonous pesticides, chemical fertilizers, preservatives, fungicides, flavor enhancers, and additives provide a constant assault on our overall health and well-being.

More and more studies indicate that exposure to these toxins can result in fatigue, headache, arthritis, depression, ulcers, digestive disorders, muscle pain, and many serious illnesses. Our bodies have a natural filtering system. However, due to the ongoing frequency of toxins we are exposed to, our systems become overburdened and unable to counteract potential damage.

### The Solution:

Zavita® is an exclusive antioxidant and mineral rich liquid herbal supplement made from seven powerful, healing botanical plants from the Amazon: Cat's Claw; Catuaba; Cha de bugre; Chuchuhuasi; Iporuru; Samambaia; and Tayuya. These rare botanicals have been used for centuries by the indigenous people and tribal healers of the Amazon Rainforest.

The health benefits of the indigenous plants that form Zavita have been documented in 350 published studies, 50 clinical trials on humans, over 200 laboratory studies evaluating the biologic activities of each extract, and more than 100 ethnomedical reports establishing the use of these botanicals by traditional tribal healers and natural medicine practitioners.

### The Results:
